**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose my small, competitive provider because AT&T was not serving my home/family in cost-effective manner. In short, AT&T was into gouge/rip-off service. The more they charged, the poorer the service became.

As an electromagnetically-sensitive and conscious consumer, I depend on a viable legacy landline and wired internet.

My provider, LMI, understands these needs, and provides just the tailored, responsive phone and internet service that makes phone and internet work beautifully for me.

I do hours of work per day (for an organization) on my home, wired, desktop iMac. Broadband is critical to my functioning in this capacity.
